

Task Title: Develop a Mini Quiz App**Task Overview:**

You are required to build a flow/navigation of a mini quiz app where users can answer multiple-choice questions, receive immediate feedback on their answers, and see their final scores at the end of the quiz.

Tools & Technologies:

- **Frontend:** HTML, CSS, Bootstrap, JavaScript
-

Deliverables:

A fully functional mini quiz app with:

- A series of multiple-choice questions loaded by default
 - Immediate feedback for each answer.
 - A final score display at the end of the quiz.
 - A reset option to retake the quiz.
-
-
